Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Previously presented) A binder insert comprising:

a transparent plastic body having a bag shape with an open upper side thereof;

a photograph store portion and a memo store portion provided by dividing said body at a melting point,

a store board, comprising a thick paper folded in two, having slits at predetermined location thereof to insert corners of a photograph;

a color paper disposed in said store board between facing surfaces of said thick paper ; and

a memo paper in said memo store portion.

2. (Original) A binder insert according to claim 1, further comprising a binding section having a plurality of binding holes.

3. (Original) A binder insert according to claim 1, wherein slits provided within said store board are a set consisting of four pieces and plural sets are positioned in accordance with standardized photograph sizes for insertion of corners of a photograph.

4. (Original) A binder insert according to claim 3, wherein a form of each of said slits is curved.

5. (Original) A binder insert according to claim 4, wherein round holes are provided at both ends of said curved slits.

6. (Original) A binder insert according to claim 3, wherein color print portions having different colors in accordance with said standardized photograph sizes are provided within said color paper at corresponding positions of slits provided within said store board.

7. (Original) A binder insert according to claim 1, wherein slits provided within a store board are upward U-shaped and downward U-shaped arranged in lines by turn.

8. (Original) A binder insert according to claim 1, wherein slits provided within a store board are perforations arranged in lozenges.

9. (Original) A binder insert according to claim 1, wherein slits provided within a store board are perforations in a form of whirls.

10. (Original) A binder insert according to claim 1, wherein slits provided within a store board are waved perforations arranged in a plurality of rows.

11. (Original) A binder insert according to claim 2, wherein slits provided within said store board are a set consisting of four pieces and plural sets are positioned in accordance with standardized photograph sizes for insertion of corners of a photograph.

12. (Original) A binder insert according to claim 5, wherein color print portions having different colors in accordance with said standardized photograph sizes are provided within said color paper at corresponding positions of slits provided within store board.

13. (Original) A binder insert according to claim 2, wherein slits provided within a store board are upward U-shaped and downward U-shaped arranged in lines by turn.

14. (Original) A binder insert according to claim 2, wherein slits provided within a store board are perforations arranged in lozenges.

15. (Original) A binder insert according to claim 2, wherein slits provided within a store board are perforations in a form of whirls.

16. (Original) A binder insert according to claim 2, wherein slits provided within a store board are waved perforations arranged in a plurality of rows.

17. (New) A binder insert comprising:

a transparent plastic body having a bag shape with an open upper side thereof;

said transparent plastic body comprising a photograph store portion and a memo store portion provided by dividing said body at a melting point, each of said photograph store portion and said memo store portion having an open upper side thereof;

a store board, comprising a thick paper folded in two, thereby forming first and second portions wherein said first and second portions include slits at predetermined locations thereof to insert corners of a photograph on an outside surface of said thick paper; and

a color paper disposed in said store board between said first and second portions of said thick paper.
